Children's Suits \$1.50 up to \$ 5.00
Spring Hats - \$1.00 up to \$ 3.00

ADOLPH STEINWEDEL.

AN OPEN SWITCH

Causes Death of More Than a Score on the Southern Pacific.

Colton, Cal., March 29.—A disastrous wreck on the Southern Pacific occurred a mile and a half east of this town shortly after 4 o'clock yesterday afternoon, when westbound train No. 9, from New Orleans for San Francisco, ran into an open switch while going at the rate of forty miles an hour, and ten of the fourteen coaches were derailed. Twenty-six people were killed and the death list may yet total much higher, as the injured numbered about 100, many of whom will die.

The wrecked coaches were hurled in every direction. Four of them were smashed into splinters. Most of the dead were Italians from New York and New Orleans. They occupied the smoker and day coach. The injured were carried to this city in vehicles of all sorts, and the Colton hospital was quickly filled to its capacity. Many were then taken to the Presbyterian church and to private residences.

But two Americans are known to have been killed, although several of those among the injured will undoubtedly die. George L. Sharp of Muncie, Ind., was instantly killed. The baggage man of the train was also killed. Engineer Clarence E. Wormington and Fireman Victor Crebb both jumped and were caught in the wreckage. They were both terribly burned and scalded. John Golden, the train conductor, was in the Pullman section of the train and escaped injury.

Most of the injured were passengers in three tourist sleepers, which were almost entirely demolished in the crash. These with the baggage and express cars formed an unrecognizable mass of wreckage.

Out of about eighty Pullman passengers there were but two who sustained serious injury. The three Pullman coaches and the diner, which were on the rear of the train, did not leave the track. The occupants of these cars were practically unharmed. All of the dead are men with the exception of one Italian woman. Sharp, who was instantly killed, was on his way to Los Angeles to join his wife.

The derailment of the train was caused by the crew of a switch engine leaving a switch open at this point. It is said that the engine passed through the switch a few minutes before the Overland appeared. A switchman named Morrison was in the yard. After the switch engine had passed onto another track the engineer asked the fireman if he had rethrown the switch. The fireman recalled that he had neglected to do so, and the engineer whistled frantically for Morrison to close it. The signal was not given in time, as Morrison did not reach the switch before the Overland had plunged through and been derailed.

Will Keep Lewis's Ashes.

Nashville, Tenn., March 29.—The Tennessee legislature adopted a resolution refusing the request of Oregon to allow the ashes of Captain Lewis, the famous explorer, to be taken to that state for burial. Captain Lewis is buried in Lewis county, Tennessee, where the state has erected a monument to his memory.

BLACK, ITCHING SPOTS ON FACE

Physicians Called It Eczema in Worst Form—Treated Disease for a Year but Could Not Cure It—Patient Became Despondent—Suffering Promptly Allayed and

DREADFUL DISEASE
CURED BY CUTICURA

"About four years ago I was afflicted with black spots all over my face and a few covering my body, which produced a severe itching irritation, and which caused me a great deal of annoyance and suffering, to such an extent that I was forced to call in two of the leading physicians of —. After a thorough examination of the dreaded complaint they announced it to be skin eczema in its worst form. They treated me for the same for the length of one year, but the treatment did me no good. Finally I became despondent and decided to discontinue their services. Shortly afterwards, my husband in reading a copy of a weekly New York paper saw an advertisement of the Cuticura Remedies. He purchased the entire outfit, and after using the contents of the first bottle of Cuticura Resolvent in connection with the Cuticura Soap and Ointment, the breaking out entirely stopped. I continued the use of the Cuticura Remedies for six months, and after that every spot was entirely gone and the affected parts were left as clear as ever. I have not felt a symptom of the eczema since, which was three years ago. The Cuticura Remedies not only cured me of that dreadful disease, eczema, but of other skin troubles as well, and I have been the means of others being cured of the same disease by the Cuticura Remedies, and I don't hesitate in saying that Cuticura Resolvent is the best blood medicine that the world has ever known. Mrs. Lizzie E. Sledge, 540 Jones Ave., Selma, Ala., Oct. 28, 1905."

SKIN HUMORS

Eczemas, Rashes, Itchings, Irritations Cured by Cuticura

Warm baths with Cuticura Soap, gentle anointings with Cuticura Ointment, and mild doses of Cuticura Pills, afford immediate relief and point to a speedy cure of torturing, disfiguring humors of the skin, scalp, and blood of infants, children, and adults, when all else fails. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass. Mailed Free. 46 page Cuticura Booklet on Skin Diseases.

ROUMANIAN RIOTS

Government Apparently Powerless to Suppress Revolt of Peasants.

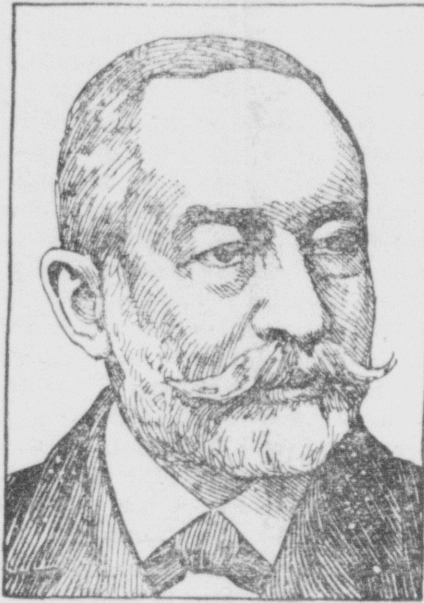

IN A STATE OF SIEGE

Premier Sturdza Secures From Parliament Sanction to Resort to Final Expedient of Arms.

Peasants Are Growing Bolder as They Advance and Even the Capital Is Menaced.

Bucharest, March 29.—The efforts of the government to suppress the revolt of the peasants have met with only partial success. The troops are now acting with increased energy. A large number of rioters have been killed in the numerous conflicts with the soldiery, but as yet there is no sign of a permanent amelioration of conditions. On the contrary, the rioters appear to be becoming bolder and more determined and the situation is aggravated.

Some of the measures being adopted by the authorities are most severe. Premier Sturdza has secured the unanimous adoption of a bill by both houses of parliament authorizing the

DEMETER STURDZA.

government, in view of the grave circumstances throughout the country, to declare a state of siege wherever this may be necessary. This step can be taken, however, only by royal decree.

As an indication of the apprehension existing even in the capital, the new prefect of Bucharest, as a measure of precaution, has ordered all shops closed. This order created the impression that the rioters were approaching Bucharest and there was wild panic until it was learned that the fears were groundless.

At Tirgovistes in the Argesh district, a band of peasants attempted to raid an arsenal and procure a supply of rifles and ammunition. Upon being repulsed by the troops the rioters set fire to many houses in the town. Several roving bands of peasants in the district of Teleorman were surrounded and brought to bay by detachments of troops. At Vlasika a band of peasants called upon to disperse, refused to do so and opened fire on the troops, whereupon the latter fired three shots at them from a field gun, killing seventy men and wounding many more.

According to an unconfirmed version of the encounter, 200 of the peasants were killed.

A squadron of Hussars sent to Brachova came in conflict with a band of peasants, and it is reported that fifty of the peasants were killed.

A train running between Bucharest and Komona was stopped by rioters and looted.

There is a slight improvement in the situation at Jassy. The streets of the city are empty and the shops still shut. The peasants there apparently are overawed by the concentration of troops. A serious encounter is reported to have taken place at Papanahestie, in which many peasants were killed or wounded.

The bombardment of the three villages in the Vlaschka district in which rioters had taken refuge undoubtedly resulted in a very large casualty list, but the exact numbers cannot be learned. It is known, however, that several hundred peasants were arrested there. There have been sanguinary encounters in the district of Dolj and rumor places the number killed and wounded at several hundred.

The authorities are beginning to use artillery to bombard the villages where the rioters take refuge. The peasants committed terrible atrocities in the Buzeo district, and the troops sent hither had orders to suppress the disturbances at any cost.

It is still impossible to give even an approximate estimate of the number killed or wounded since the beginning of the disorders, but there is good reason to believe that reports have not been exaggerated and that when the totals are finally learned they will be greater than is now supposed. Eleven army officers have been killed or wounded.

It is reported that in northern Moldavia, where the rioting was temporarily suspended, the peasants intend to recommence their pillaging during the Jewish passover if the promises made to them by the government are not fulfilled.

HIS EIGHTIETH VERDICT

Senator Whyte Successfully Defends This Number of Murderers.

Baltimore, March 29.—When Mrs. Josie Kelly, who shot and killed her sister, was acquitted in court she threw her arms about the neck of aged United States Senator Whyte,

SENATOR WILLIAM P. WHYTE.

who defended her, and kissed him. The octogenarian statesman and lawyer smiled benignly on the impulsive little woman and subsequently laughingly remarked that one is never too old to be kissed.

The young wife was jealous of her sister's attentions to her husband, and during a quarrel her sister threatened her, when Mrs. Kelly fired.

Senator Whyte is eighty-two years old, and Mrs. Kelly was the eightieth person he has defended for murder, for all of whom he has won verdicts of acquittal.

Despondency Leads to Suicide.

Canton, O., March 29.—Miss Bertha McNally, twenty-eight years old, committed suicide yesterday by taking carbolic acid. It was Miss McNally's birthday. It was also to have been her wedding day. She was to have been married to Emil Knolle, a Pittsburgh policeman. Six weeks ago Knolle was taken with pneumonia and died. Since that time Miss McNally has been despondent.

William A. Proctor's Suicide.

Cincinnati, March 29.—William A. Proctor, president of the Proctor & Gamble company, and son of one of the firm's founders, is dead from a bullet wound, self-inflicted. Mr. Proctor was widely known in business circles and was a prominent layman in the Protestant Episcopal church, to the institutions of which he was a liberal giver. His wealth was estimated at many millions.

Died of Broken Heart.

Pittsburg, March 29.—John Brislin, seventy-three years old, blind, and a well-known inventor, is dead here from a broken heart, alleged to have been brought on by adverse sustenance by litigation brought by him to control his patents. Mr. Brislin was the inventor of the famous Brislin-Vinac table now in use in rolling mills throughout the world.

Another Traction Deal.

Columbus, O., March 29.—It is announced that the Columbus, Urtana & Western traction line has been sold to Philadelphia and Indiana capitalists and will be reorganized as the Columbus Northern Traction company with a capital stock of \$1,400,000. An extension of the line to Bellefontaine or Lima is contemplated.

School Conditions in Hawaii.

Washington, March 29.—In his annual report to the secretary of the Interior G. R. Carter, governor of Hawaii, calls attention to a marked falling off in the attendance of Hawaiian and American children at the public schools and a corresponding increase in the attendance of Japanese children.

Unknown Man Killed by Train.

Danville, Ill., March 29.—An unknown man was struck by a Big Four freight train at Westville and killed.

BACKACHE AND DESPONDENCY

Are both symptoms of organic derangement, and nature's warning to women of a trouble which will sooner or later declare itself.

How often do we hear women say, "It seems as though my back would break." Yet they continue to drag along and suffer with aches in the small of the back, pain low down in the side, dragging sensations, nervousness and no ambition.

They do not realize that the back is the main-spring of woman's organism and quickly indicates by aching a diseased condition of the feminine organs or kidneys, and that aches and pains will continue until the cause is removed.

Lydia E. Pinkham's Vegetable Compound

made from native roots and herbs has been for many years the most successful remedy in such cases. No other medicine has such a record of cures of feminine ills.

Miss Lena Nagel, of 117 Morgan St., Buffalo, N. Y., writes: "I was completely worn out and on the verge of nervous prostration. My back ached all the time. I had dreadful periods of pain, was subject to fits of crying and extreme nervousness, and was always weak and tired. Lydia E. Pinkham's Vegetable Compound completely cured me."

Lydia E. Pinkham's Vegetable Compound cures Female Complaints, such as Backache, Falling and all Organic Diseases. It strengthens and tones the Stomach. Cures Headache and Indigestion and invigorates the whole feminine system.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, Lynn, Mass. Her advice is free.

MISS LENA NAGEL

COMPLETE REST

Has Been Enjoined Upon the Governor by His Physicians.

Indianapolis, Ind., March 29.—Much alarm was caused today among Governor Hanly's friends by the report that he is critically ill at his home on North Alabama street. It has been no secret for some time that the governor was one of the verge of a nervous breakdown because of the strenuousness of his administration. The report that he is critically ill was not as surprising as it was alarming. His friends from all parts of the state have been making inquiry today as to his condition, which was somewhat improved this afternoon, according to the statement of Dr. Goar, the attending physician. The governor is suffering from acute gastritis and is very weak. He has been unable to take any solid food for ten days and was barely able to get home from an Eastern trip. Dr. Goar said that the governor will require absolute rest and careful nursing for some time in order that he may recover. Though the doctor had given instructions that he should not be molested by official business, the governor yesterday issued an order committing to life imprisonment the death sentence of Constantine Stratocoptus, a Greek, who was to have been hanged at the state prison, Michigan City, today, for murdering a fellow workman at Gibson, Ind. In commuting the sentence the governor followed the precedent he established early in his administration of not permitting the state to inflict the death sentence where there was a possible way of avoiding it. The governor also intervened in behalf of John Lapadat, a Macedonian, who, with the Greek, would have been hanged at the Michigan City prison soon after midnight last night. Under the most favorable circumstances it is not expected that the governor will be able to resume his duties at the statehouse within two weeks.

Union B. Hunt, chairman of the railroad commission, was taken to his home at Winchester yesterday afternoon by order of his physicians. He

UNION B. HUNT.

suffered an attack of heart failure three days ago and is in a serious condition. Mr. Hunt was formerly secretary of state and is one of the best known men in Indiana. His physician thinks he will recover if he has absolute rest.

W. S. Blatchley, state geologist, is completing arrangements to begin a soil survey of the southern counties of Indiana. He will be assisted by Charles W. Shannon, a graduate of the geological department of Indiana university, and several others. The work will be started April 1. The object is to get a map showing the nature of the soil so that the geologist may make recommendations as to the kind of fertilizer required.

Senator Fremont Goodwine of Williamsport, who is here on business, comes near being an avowed candidate for the Republican nomination for governor. He has not made an announcement to that end, but he is discussing the matter with his friends and they are urging him to make the race. The newspapers are showing a very friendly disposition toward him.

MEDIATION MOVE

Government Representatives Will Seek a Way to Avert Railway Strike.

WILL HOLD A CONFERENCE

Mr. Knapp and Mr. Neill Start For Chicago to Try to Bring Warring Interests Together.

Trainmen Declare They Can Not Consider Arbitration and That Their Terms Must Be Met.

Washington, March 29.—Chairman Martin A. Knapp of the interstate commerce commission and Charles P. Neill, commissioner of labor, left here today for Chicago, where they will hold a conference with representatives of conductors and trainmen and officials of Western railroads entering Chicago, in regard to the dispute over the question of wages, which threatens to result in a disastrous strike unless a satisfactory adjustment is effected. Chairman Knapp said that the visit of himself and Mr. Neill will be simply in the direction of mediation and conciliation.

The request for these efforts at mediation and conciliation came from the railroads. "It therefore becomes our duty under the law," said Chairman Knapp, "to put ourselves in communication with the parties and endeavor to bring about a settlement. If we fail in that effort, then it is our duty to endeavor to induce the parties to enter into an arbitration."

Abandoned Former Policy.

Honolulu, March 29.—Governor Carter in an interview intimated that in his opinion President Roosevelt had abandoned his former policy of Americanizing Hawaii.

The Farmer's Wife

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every tainting or corrupting element. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all humors or diseases arising from bad blood. If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing or distress in stomach, constipated or irregular bowels, sour or bitter risings after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid or icky liver with the usual accompanying indigestion, or dyspepsia and their attendant derangements.

The best remedy known to medical science for the above symptoms and conditions as attested by the writings of leading teachers and practitioners of the several schools of medical practice, have been scientifically and harmoniously combined in Dr. Pierce's Golden Medical Discovery. That this is absolutely true will be readily proven to your satisfaction if you will but mail a postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for a free copy of his booklet of extracts from the standard medical authorities, giving the names of all the ingredients entering into his world-famed medicines and showing what the most eminent medical men of the age say of them.

COME AND SEE THEM

L. F. MILLER & CO

LOOGOOTEE MAN

Is Ground to Pieces. Remains Found Scattered Along B. & O. S-W.

When freight train No. 98, which was due in Seymour from the west Thursday morning about nine o'clock was about two miles east of Loogootee Engineer Siefker, of this city discovered the head of a man lying between the rails with the face turned toward him. The train was stopped and Conductor Moore, who had charge of the train, left brakeman Alexander of this city to stay with the remains till the arrival of the coroner. It developed that the remains were those of a man by the name of Williams, who lived in Loogootee and who it is said had been drinking. The body had been cut in two four or five times and scattered along the track for about fifty yards. It is thought that he probably fell off some train the night before and the crews of the two early morning passenger trains had failed to notice him. Engineer Siefker stated that an engineer or fireman going toward the west would hardly have noticed that it was the head of a man. Brakeman Alexander arrived home Thursday afternoon on No. 8.

The Touch That Heals

Is the touch of Bucklin's Arnica Salve. It's the happiest combination of Arnica flowers and healing balsams ever compounded. No matter how old the sore or ulcer is this salve will cure it. For burns, scalds, cuts wounds or piles, it's an absolute cure. Guaranteed by W. F. Peter's Drug Co. 50c

Many Enjoy The Music.

The new piano orchestra, which was installed in the Greek candy store Thursday afternoon was quite an attraction there last night and ice cream was served to several hundred people. There was no motor attached last night and it was necessary to run the instrument by hand. However, there were plenty of boys, and some of them pretty big ones, who volunteered to turn the machine while just for the novelty, to keep the orchestra going almost continually. They telegraphed to Chicago last evening for a motor and the same is expected to arrive here some time today. It is to be set up for use tonight. Mr. Lakos is conducting a nice business and is certainly getting a good trade right at the first as such enterprise deserves.

The Texas Wonder.

Cures all Kidney, Bladder and Rheumatic troubles, sold by all druggists or two months treatment by mail for \$1.00. Dr. E. W. Hall, 2926 Olive street, St. Louis. Send for testimonials.

Salvation Army.

This coming weekend Major J. G. Galley, the Indiana Divisional officer of the Army, will arrive in Seymour and hold special services in Armory hall, on Saturday at 7:45 p. m. and on Sunday at 3 and 7:45 p. m. Ensign Kielsgard and Captain Hodgson will accompany the Major. The Revival Brigade will also assist in these meetings. Major Galley is an officer of some 26 years experience and has recently opened the Anti-Suicide bureau in Indianapolis. He is also a physician and one of the Army's national lecturers on first aid to the injured. On Monday night the Major will give an illustrated lecture on the work of the Army. This is a very interesting and edifying lecture and is well worth hearing.

Improvements.

A large force of hands have been at work since Monday putting down the concrete base for the brick street improvement on High street, east of the Pennsylvania railway tracks. The concrete on this part of the street will about all be down by noon tomorrow. The big steam roller has been at work the last day or two on Tipton street, west of the Pennsylvania and the work of putting down the concrete can be begun there in a few days. It looks now as if the work would all be completed in about four weeks. The plasterers have been at work on the new Hancock building.

The winds of March have no terror to the user of DeWitt's Carbonized Witch Hazel Salve. It quickly heals chapped and cracked skin. Good too for boils and burns, and undoubtedly the best relief for piles. Sold by all druggists.

Unkind to Honan.

Mr. Honan is evidently right in his claim that his enemies are booming him for the Democratic nomination for Lieutenant Governor. Manifestly no friend would be guilty of such a thing.—Indianapolis Star.

One scarcely knows how to interpret the above paragraph. The Star should explain what it means by that last sentence.

Easter Is Near.

Only one more day in which to see the Easter decorations before Sunday. If you have not already noticed all the display windows along the principal business streets you had better enjoy a walk down town this evening or tomorrow.

MASQUE CARNIVAL

Brings Quite a Strong Contest For First Honors.

The character masque carnival at Hopewell's skating rink Thursday evening caused quite a spirited and yet friendly contest for the first honors. Though opinions were divided, the first gentleman's prize was awarded to Harry Weithoff, who represented Don Joan of Austria, a brother of King Peter II, of Spain. The character was taken from the play "In the Palace of the King." The costume worn by Mr. Weithoff was sent him by his brother, Louis Weithoff, of New York City, who is an actor of no mean ability. On account of the possibility of getting the sword damaged in shipment it was not sent and a sword was secured here. Otherwise, it is said that the costume was perfect.

Miss Gladys Kyte, daughter of Mayor Kyte, won the first lady's prize and her costume was that of a colonial girl. If the awarding of the prizes had been left to a vote of the audience, George Smith, of the Commercial Hotel, who represented a fisherman, would at least have been a very close second. Walter Himler, of the Thomas Clothing Company, who was the only Chinaman on the floor, also had his favorites, and there were those who thought that John Bahner, as the "Dude" was but little behind.

Sim Watkins and H. S. Dell wore almost perfect uniforms of the Turkish patrol or the Turkish zouave and attracted a great deal of attention.

Emerald Whitmer wore perhaps equally as perfect a costume of the court jester. Louis Francisco of Richmond, wore the complete costume of a chaffeur, including cap, duster, etc. W. H. Noelker's costume showed that he could at least dress like a baseball player if he didn't know all about the game.

For the lady's prize Miss Nora Flenniken, as a Japanese girl, was probably the closest second and quite a number had selected her for the first honors. Mrs. Sim Watkins, as a Japanese lady, was scarcely less perfectly costumed and was highly complimented. Miss Fay Johnson wore an Easter costume with Easter eggs, Easter chickens and a rabbit, and the costume of but few if any other was more beautiful. Dora Cordes was dressed as Little Red Riding Hood and attracted her share of attention. Miss Elsie Reynolds was the Gypsy tambourine girl and Minnie Holman wore the garb of a Red Cross nurse.

Several of the parties on the floor were Louisville people and others were from Chicago, Richmond, and other places. Many of the costumes were purchased in Louisville and some of them were ordered from there by wire Thursday. As a study of the costumes of different people and nationalities the entertainment was certainly worth the price of admission. There were many other whose costumes deserved special mention and we would have been glad to mention them but for lack of time and space. It was quite a task to determine what all of the characters represented.

DIED.

FLYNN—Mrs. Lola Flynn, wife of Elmer Flynn, died Thursday evening about 6:20 at their home at the corner of Bill and Centennial streets, after a lingering illness with lung trouble. Age 28 years 9 months and 13 days. She was born at Tunnelton and was the daughter of Mr. and Mrs. Thomas Cooper. Her husband is a fireman on the B. & O. S-W. She also leaves a little daughter about four years of age. They moved to this city about two years ago. Short religious services will be held at the residence Saturday morning at nine o'clock, conducted by the Rev. H. H. Allen of the Methodist church. The remains will be taken to Tunnelton on No. 7 for burial.

GEHART.—John F. Gebhart, the father of J. R. Gebhart, who is employed in the office of the Seymour Woolen Mill, died at his home in New Albany Wednesday morning, age 75 years. He was a prominent citizen and for years was superintendent of a woolen mill at New Albany.

New peas, radishes, lettuce and green onions at the Model. m30d

Miss Amy Roegge and Miss Nellie Switzer, two of the Seymour teachers who went to Indianapolis to attend the meeting of the Southern Indiana Teachers' Association, are the guests of Mrs. L. F. Kerkhof, while attending the Association.

Dr. Marvin Offers Reward. Dover, Delaware, March 29.—Dr. Marvin, father of Horace Marvin, aged four years, who has been missing from his home near here for more than two weeks, has deposited \$1,000 in gold with the cashier of a local bank, which will be paid for the return of the boy.

Cleveland, O., March 29.—Alber Shuka, special policeman, was stabbed to death about midnight just after he had left a dance hall at Woodland and Wilson avenues. It has not been ascertained who did the killing.

TERSE TELEGRAMS

The Nebraska legislature has passed an anti-pass bill.

General Kuroki will represent the Japanese army at the Jamestown exposition.

Wet weather in the winter wheat belt had a depressing effect on the Chicago wheat market.

The construction of a canal across Cape Cod from Barnstable to Buzzard's Bay is now assured.

The tobacco manufacturing district of South Boston, Va., was destroyed by fire at a loss of \$1,000,000.

The New Orleans city board of health has begun an investigation of mosquitoes, with a view of exterminating them.

Fire destroyed the Commercial and McCawley's hotels, four stores and two residences in Iroquois, Ont. The loss is \$125,000.

Telephone Company.

The residents of Surprise and Cortland and the farmers in that part of the county are getting into the telephone business rather extensively. They are extending their lines and connecting up that part of the county in a manner that shows enterprise and progress. All the way from Cortland to Freetown and Houston farmers are anxious for telephone service. These rural lines will want connection with Seymour and of course should be able to get it direct. When the time comes for action the people of Seymour want the management of these rural lines and the Seymour Home Telephone Company to get together on terms that will be fair for both parties. There should be no trouble to reach an agreement.

Hoadleys.

25 pounds granulated sugar \$1.30, oranges, bananas, pie plant, cabbage, onions and choice line of groceries. 117 S. Chestnut St.

Biggest line of waists in town from 49 cents to \$5.98 at the Ideal. m30d&w

Neighbor Struck In City.

P. J. Strack, of New Albany, a prominent member of the Modern Woodmen, was in this city today en route from Heltonville where he had been few days in the interest of Woodcraft. Mr. Strack attended the big meeting at Bedford Monday night which was also attended by State Deputy, Neighbor Harley Jackson, of this city and by Seymour's team of uniformed Foresters. Mr. Strack is district deputy for the New Albany district, his territory extending over eight counties. He and Elder Jackson have been thrown together quite often and have become very warm friends.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out. Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or floating matter indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do. There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

SAVING MONEY

Becomes a Pastime Through Building and Loan Association

There are school children in Seymour who are carrying one or more shares of stock in the Cooperative Building and Loan Association. There are laboring men who are paying for homes through the same medium. There are men who are getting business capital in the same manner. There are others who are saving money as an investment through the Association. Twenty-five cents per week pays for one hundred dollars when the stock matures and every payment begins earning interest just as soon as it is paid in, for the money of the Association is kept loaned on first mortgage real estate security.

After April 1st no premium will be charged on loans so that the borrower pays a straight six per cent. interest. An annual membership fee of 25 cents per share is charged on all new stock issued and 25 cents per week dues is all the expense the stock until a loan is made on it, —then the interest is payable the first Monday in each month. Series M of this stock will begin on Monday April 1st affording another excellent opportunity to begin saving. For full particulars see the secretary, Thos. J. Clark.

"In 1907 I had a stomach disease. Some physicians said Dyspepsia or Consumption. One said I would not live until spring. For four years I existed on boiled milk, soda biscuits and doctors' prescriptions. I could not digest anything I ate; then I picked up one of your Almanacs and it happened to be my life saver. I bought a fifty-cent bottle of Kodol and the benefit I received from that bottle all the gold in Georgia could not buy. In two months I went back to my work as a machinist and in three months I was well and hearty. May you live long and prosper."—C. C. N. Cornell Ga., 1906. The above is only a sample of this great good that is daily done everywhere by Kodol for dyspepsia. It is sold here by all druggists.

THURSDAY MARCH 28, 1907

When Andrew Carnegie says that stocks are juggled in Wall street he is simply stating what the people have known for a long time.

GOVERNOR Hanly has been very sick at his home in Indianapolis this week and his friends have been very solicitous about him.

There is nothing startling or new in the conflicting ambitions of Taft and Foraker in Ohio. The ambitions of political leaders in Ohio have often conflicted and brought on contest preparations but in some way the forces have usually found a way to get together on election day. There is plenty of time for the friends of Taft and Foraker to settle their troubles.

EDUCATIONAL statistics show that fully three fourths of the graduates of the high schools are girls. However the number of boys and girls who enter the high schools are about equal. The trouble is too many of the boys are "quitters". They drop out school when the work requires close and continuous application. One of the results is that the girls are filling many places that call for educational training, places that the boys have not prepared themselves to fill because they dropped their school work too soon. There never has been a time when the demand for young men of correct habits and trained minds was greater than now. Boys should look to the future. They should not neglect opportunities to acquire an education.

Hair cut, shave, massage, Berdon's Fishing tackle of all kinds at the Bee Hive. m29d&w

Work will probably be begun on the interurban grade through the town of Crothersville some time next week.

THAW ON THE RACK

Young Millionaire Answers Questions of Lunacy Commission.

New York, March 29.—Harry K. Thaw for two hours submitted himself to a running fire of questions from the three men appointed by Justice Fitzgerald as a commission in lunacy to determine his present state of mind. The examination was conducted behind closed doors, and at 5 o'clock last evening an adjournment was taken until 10 o'clock Saturday morning. No one connected with the hearing before the commissioners would discuss the details of the inquiry. Thaw went willingly and confidently before his judges, and when the two hours' secret session was concluded his attorneys appeared with smiling faces and declared they were more than satisfied with the course of the proceedings. District Attorney Jerome hurried away from the criminal courts building, declining absolutely to say one word about the commission's work.

WEATHER INDICATIONS

CHICAGO, Ill., March 29, 1907.—Generally fair and much cooler to night and Saturday. Sunday fair.

Lead Pencils.

The lead pencil is one of the most common articles in everyday use, and nearly 320,000,000 pencils are manufactured in this country every year. To manufacture these millions of pencils there are required 110,000 tons, or 7,300,000 cubic feet of wood, so that each day in the year 300 tons, or 20,000 cubic feet, of wood are used for pencils. Since practically all of the wood is red cedar, and since the pencil industry is steadily growing, the supply of red cedar is greatly depleted; yet no substitute has been found for it. Leaving out of consideration the imported pencils, the average educated American over 10 years of age uses six pencils of home manufacture each year. Ten years ago he used less than five.

There is more Catarrh in this section of the country than all other diseases put together and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

J. CHENEY & Co., Toledo Ohio Sold by druggists, 75c. Take Hall's Family Pills for constipation.

Paper Improving.

The second issue of the Seymour Weekly Blade which was issued a few days ago was still more interesting than the first. It was more liberally patronized by our advertisers and the proprietor feels encouraged to increase his circulation and make his paper more interesting than ever.

GEO. SCHAEFER AGENCY, First National Bank Building, Seymour

CONSUMPTION

Mainly Caused by Chronic Colds and Hanging on Coughs.

A prominent New England scientist has given a good deal of time to the study of consumption, and finds that comparatively few cases are hereditary.

Mostly all are caused by neglected coughs and colds which gradually weaken the whole pulmonary system, and before people realize it there is a diseased spot in one lung; spitting blood soon follows and eventually a collapse.

Such an unnecessary end, such a pity, for all could have been so different. We know of many instances where our valuable cod liver preparation, Vinol, has been most beneficial in cases.

Vinol is able to cure hanging-on colds, stubborn coughs, strengthen the lungs, and thus prevent the development of consumption, because it is the most perfect cod liver preparation ever compounded; it contains no oil or grease to upset the delicate stomach yet it does contain every one of the fifty odd medicinal curative elements actually taken from fresh cods' livers, with tonic iron added. We ask all Seymour people to try Vinol for weak lungs, chronic coughs, hanging-on colds or run-down and debilitated conditions, and will pay for the medicine ourselves if it fails to benefit.

How can we express our faith in Vinol more emphatically? W. F. Peter Drug Co.

Note—While we are sole agents for Vinol in Seymour, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

Until your competitor begins to advertise more and better than you do, he need not occasion you any uneasiness.

Dr. Osterman, of this city was a passenger to Brownstown this morning on the accommodation.

Line up with the procession to Miles place. Mum pool, very laughable.

Born.

To Mr. and Mrs. James Otis, of S. Vine street, on Thursday, March 28th, a son.

Conductor Charles Francis, of the Southern Indiana, who has been laying off for about ten days, will resume his run this evening and will come in on No. 5 at ten o'clock tonight.

A Human Appeal

A human citizen of Richmond, Ind., Mr. U. D. Williams, 107 west Main St., says: I appeal to all persons with weak lungs to take Dr. King's New Discovery the only remedy that has helped me and fully comes up to the proprietor's recommendation.

It saves more lives than all of the throat and lung remedies put together. Used as a cough and cold cure the world over. Cures asthma, bronchitis, croup, whooping cough, quinsy, hoarseness, and phthisis, stops hemorrhages of the lungs and builds them up. Waranted at W. F. Peters Drug Co., 50c and \$1.00. Trial bottle free.

Dr. A. J. Banker came down from Columbus this morning and went to Brownstown. From there he was to drive six miles in the country to perform a surgical operation.

Prof. and Mrs. J. A. Brockmyre, of Cortland, moved to this city Wednesday and now reside at No. 603 N. Blish street.

Lost and Found.

Lost between 9.30 p. m., yesterday and noon today, a billious attack, with nausea and sick headache. This loss was occasioned by finding at W. F. Peter drug store a box of Dr. King's New Life Pills the guaranteed cure for billiousness, malaria and jaundice 25c.

Little gle bales of sunshine that drive the clouds away. DeWitt's Little Early Risers will scatter the gloom of sick-headache and billiousness. They do not gripe or sicken. Recommended and sold here by all druggists.

The REPUBLICAN has received a complimentary copy of The Christian Science Journal, published at Boston in which is a strong statement from Commander John B. Blish, who is now a Christian Science Practitioner at Newton, Mass.

Mrs. Letta Dodd, of Cincinnati, will pass through this city on No. 5 tomorrow morning en route to Ft. Rinner to spend easter with her parents, F. M. Dixon and wife. Mrs. Dodd will be joined here by her sister, Mrs. Ed Clendenen, who will accompany her.

Boy wanted to learn to build buggy tops. Exceptional Opportunity. Inquire this evening. Ahlbrand Carriage Co.

Complies with all requirements of the National Pure Food Law, Guarantee No. 2041, filed at Washington.

A CUP OF GOOD COFFEE

"Fresh Roasted Coffee?—bah! Mother didn't use fresh roasted coffee, she had Arbuckles."

The way to get a good cup of coffee that tastes like Coffee with all the delicious flavor and aroma intact, is to buy a package of the old original Arbuckles' ARIOSIA Coffee, and grind it as you want to use it, first warming it a little to develop the flavor and make the grinding easy. Coffee loses its identity as Coffee after being ground or exposed to the air and is easily contaminated by handling.

Arbuckles' was the first roasted packaged coffee.

The pores of each coffee berry are sealed after roasting with fresh eggs and granulated sugar to hold the goodness in and make the coffee settle clear and quickly; an actual application by machinery, of "Mother's" methods—as patented by this firm.

Sold only in packages, sealed for the consumer's protection, containing one pound full weight. Sales for 37 years exceed the combined sales of all the other packaged coffees. The best coffee for you to drink, and saves your money besides. Some old firm, same old coffee. If your dealer won't supply, write to ARBUCKLE BROS., New York City.

Home Dept. Reception.

The Home Department of the First Baptist Sunday school at the church this afternoon proved a very interesting and enjoyable meeting. Mrs. M. C. Carpenter is superintendent of this department of the Sunday school and she is assisted by Mrs. C. B. Huffman, Mrs. E. B. Bryan and L. Everingham, and this meeting today shows that the work is well done.

The following program was given: Hymn..... "All Hail the Power of Jesus' Name."

Scripture Reading and Prayer..... L. Everingham

"Once Again," W. C. T. U. Quartet... Mrs. C. R. Hoffman, Mrs. W. A. Wylie, Mrs. Frank Teckemyer, Mrs. M. C. Carpenter

Home Department from a members Standpoint..... Mrs. J. H. Boake

How the Home Department Has Helped me..... Mrs. E. W. Donaldson, Mrs. James Gasaway, Mrs. Thos. E. Ross.

Solo, "In the Tomb"..... Mrs. Henry Critcher.

"Light Diet for Invalids"..... Rev. Jas. Omelvena.

"Something to Be Done"..... W. C. T. U. Quartet.

Luncheon was served at the conclusion of the program.

Crothersville Fair.

The date for the Crothersville Fair has been set for August 27 to 30th. The management promises a larger premium list and better attractions than ever.

Mount Raines and Elmer Gorbett have opened a tailoring repair shop on the second floor of the Pfaffenberger building.

KEEP THE KIDNEYS WELL.

Health is Worth Saving and Some Seymour People Know How to Save It.

Many Seymour people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health but there is no need to suffer nor to remain in danger when all diseases and aches and pains due to weak kidneys can be quickly and permanently cured by the use of Doan's Kidney Pills. Here is the statement of a Seymour citizen who has good health by the use of this remedy:

Mrs. Jacob Conners, of 406 Bruce St., Seymour, Ind., says: "Previous to using Doan's Kidney Pills my back annoyed me for a long time with dull pain and weakness across my loins and over the kidneys. I procured Doan's Kidney Pills at Milhous, drug store and the trouble soon left me. My husband came home one night complaining of backache and said that he had suffered for over two weeks with the trouble. His back became so bad that I had to help him up stairs at night. I procured a box of Doan's Kidney Pills for him, he used them and they banished the trouble. I have never heard him complain since."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doans—take no other.

Rebekah Social.

The members of the Rebekah Lodge gave their regular monthly social Thursday evening in the Odd Fellows building at the corner of Third and Chestnut streets. Miss Margaret Heuser was leader of the section that had charge of the arrangements for the evening's entertainment. The decorations, the luncheon and the exercises were quite in keeping with the Easter season.

The regular business meeting was followed by an excellent program of vocal and instrumental music and recitations. Paper Easter eggs were distributed which were used in selecting partners for the refreshments. About eighty people were served at the tables where refreshments of deviled eggs, potatoe salad, bread and butter sandwiches, coffee, cherries and cake were served. Those present appreciate very much the diligence of Miss Heuser and her very efficient corps of assistants, which resulted in such an excellent evening's social literary and musical entertainment. After lunch there was more music and games till after eleven o'clock.

Lettuce, celery, kale, green onions Hoosier Grocery.

Uniontown Schools.

The Uniontown public schools closed Wednesday after a very successful term. The patrons of the schools came in at the noon hour with well filled baskets and a bountiful dinner was served for everybody. After dinner an interesting musical and literary program was given. The teachers, Prof. D. H. Hogg and Miss Annie Conner, were both highly complimented on the success of the year's work.

If you are thrifty, you can save part of your income regularly. You invest those savings where they will bring you the best interest, combined with safety. There is no safer, better high grade investment for the thrifty common sense investor than

KIRBY REALTY COMPANY GUARANTEED GOLD BONDS

These Bonds Are in Three Forms

Kirby 5 Per Cent. Gold Coupon Bonds

Issued in denominations of \$10, \$50, \$100, \$500, and \$1,000, and pay the purchaser 5 per cent. per annum payable twice a year by attached coupon. These bonds will be redeemed for the full purchase price at any time.

Kirby Registered Endowment Bonds

Issued in even hundreds, from \$100 up, maturing in 10, 15 or 20 years. \$37.69 invested in a Kirby Endowment bond will pay \$100 in 20 years. \$48.10 will pay \$100 in 15 years, \$61.31 will pay \$100 in 10 years. Full amount paid may be withdrawn after 2 years. This bond affords a splendid medium for securing an income after a period of years. For instance, by paying \$37.69 each year for 20 years, you will then be paid \$100 each year for 20 years.

Kirby Registered Accumulative Bonds

Issued in denominations of \$500 and up, in even hundreds, and are purchased on installment payments. Bonds mature in 10, 15 and 20 years. The rates are as follows for a \$1000 bond.

	10 Year.	15 Year.	20 Year.
Annual	\$75.72	\$44.14	\$28.80
Semi-annual	38.34	22.35	14.58
Quarterly	19.30	11.25	7.34
Monthly	6.60	3.85	2.50

For example, in purchasing a 20 year bond for \$1,000, a payment of \$28.80 is made each year for 20 years, or a total of \$576. The bondholder then receives \$1,000 in cash. Payments may be discontinued at any time, and should the purchaser wish to withdraw his money before the maturity date of the bond, liberal cash surrender values have been provided.

All bonds issued by the Company are its direct contract obligations and are secured by its entire assets. The Company is regarded as the largest corporation of its kind in the Middle West, and operates extensively in Indiana and Ohio. Its charter is limited by law to the buying and selling of real estate, thus making these bonds absolutely the safest investment on the market today. The Company at present has over 12 dollars of assets for every dollar of outstanding bonds.

We ask the opportunity of sending you our booklet giving full information, together with specimen bond, or we can gladly send a representative to call upon you on request

INQUIRE TODAY

A Captain In the Ranks

By GEORGE CARY EGGLESTON

Copyright, 1904, by A. S. Barnes & Co., Publishers, 156 Fifth Avenue, New York

"Yes," answered the other. "You and I quarreled very bitterly once. The quarrel was a very foolish one—on my side."

"And on mine too!" responded Duncan, grasping his former enemy's hand. "Let us forget it and be friends."

"With all my heart. It was in that spirit that I came hither tonight. I want to render you a service."

Meanwhile Duncan had almost forced the miner into a chair.

"Tell me," he said, "how it is that you—"

"That I'm a miner? You think of me as an educated engineer, eh? Well, that's a long story and not at all so sad as you might suppose. I'll tell you all about it at another time. But it can wait while there are some other things that should be said now—things that vitally affect the affairs you have in charge."

"It is very good of you to come to me with suggestions, and they will be very welcome, I assure you, and very helpful, I've no doubt, for I have faith in your skill as an engineer."

"My skill still remains to be proved," answered the other, with the merest touch of sadness in his utterance. "But, at any rate, I've had the very best engineering education that the schools can give. Never mind that—and never mind me. I didn't come here to talk of myself. I want to talk to you about this mine."

"Good. That is what I am here for. Go on."

"Well, everything here is wrong. With your readiness of perception you

"My skill still remains to be proved," answered the other.

must have seen that for yourself. With the general management I have nothing to do. I'm only one of the miners. But there is a problem of ventilation here that ought to be solved, and I have come simply to offer a solution in the interest of the company that pays my wages and still more in the interest of the miners. Two of them were killed by choke damp a little while ago, four of them are now ill from the same cause, while all of them are earning less than they should because the best and most easily accessible headings are closed."

"Is there any very serious difficulty involved in the problem of ventilating the mine?"

"None whatever—at least no engineering difficulty."

"Just what do you mean?"

"I prefer not to say."

"Perhaps I can guess," said Duncan.

"I have myself discovered a very serious difficulty in the personal equation of Mr. Davidson. He does not want to ventilate the mine. He has his own reasons, of course. That difficulty shall no longer stand in the way. I shall eliminate it at once. Go on, please, and tell me of the engineering problem."

"It scarcely amounts to a problem. The mine lies only about seventy-five feet below the surface. At its extreme extension the depth is considerably less because of a surface depression there. What I suggest is this: Dig a shaft at the extreme end, thus making a second opening, and pass air freely through the mine from the one opening to the other. The cost will be a mere trifle."

"But will the air pass through in that way?"

"Not without help. But we can easily give it help."

"How? Go on. Explain your plan fully."

"Well, we have here three or four of those big fans that the government had made for the purpose of ventilating the engine rooms and stokeholes of its ironclads. They utterly failed and were sold as junk. Captain Hallam bought a lot of them at the price of scrap iron and sent them out here. Davidson tried one of them and reported utter failure as a result. The failure was natural enough, both in the case of the ironclads and in that of the mine."

"How so?"

"Why, in both cases an attempt was made to force air down into spaces already filled with an atmosphere denser than that above. That was absurdly impossible, as any engineer not an idiot should have known."

"And yet you think you can use these fans successfully in ventilating the mine?"

"I do not think; I know. If Mr. Davidson will permit me to explain—"

"Never mind Davidson. If this experiment is to be tried you shall yourself be the man to try it. Go on, please."

[TO BE CONTINUED.]

To remove a cough you must get at the cold which causes the cough. There is nothing so good for this as Kennedy's Laxative Cough Syrup. The liquid cold relief that is most quickly effective that stills and quite the cough and drives out the cold sold here by all druggists.

CHRONIC ULCERS

EXTERNAL EVIDENCE OF INTERNAL POISON

Whenever a sore or ulcer refuses to heal, it is a sure sign of a diseased condition of the blood. The sore itself is simply an outside evidence of some internal poison, and the only way to cure it is to remove the deep underlying cause. Sores and Ulcers originate usually from a retention in the system of bodily waste matters and impurities. These should pass off through the natural avenues of waste, but because of a sluggish condition of the different members they are retained in the system to be taken up by the blood. This vital fluid soon becomes unhealthy or diseased, and the skin gives way in some weak place and a Sore or Ulcer is formed. The constant drainage of impurities through a sore causes it to fester, grow red and inflamed and eat deeper into the surrounding flesh, and often there is severe pain and some discharge. S. S. S. is the remedy for Sores and Ulcers.

S.S.S.

PURELY VEGETABLE

It is nature's blood purifier, made entirely of vegetable matter, known to be specific for all blood diseases and disorders. S. S. S. goes down to the very bottom of the trouble, and removes the poison and impure matter, so that the sore is no longer fed with impurities, but is nourished and cleansed with a stream of healthy, rich blood. Then the place begins to heal, new flesh is formed, the inflammation subsides, and when S. S. S. has thoroughly cleansed the circulation the place heals permanently. Special book on Sores and Ulcers and any medical advice desired will be sent free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

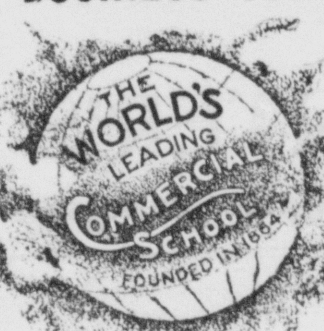

WE SAW WOOD

Right along here, but must also say something about it in the public prints, else you might not know that here you can obtain an A1 grade of kiln dried, well seasoned, tongue and grooved flooring, ceiling and outside lumber lath and shingles—all sorts of hard and soft woods.

The Travis Carter Co.

BUSINESS COLLEGES ARE FAILURES

In small cities and towns, because:
1. There is not a sufficient population to support a GOOD school.
2. Such schools are usually conducted by persons who are NOT qualified, or who make it a practice to travel about and defraud their patrons.
3. There are few if any opportunities for their graduates to secure employment in such localities.
4. The THOROUGH business colleges are located in the larger cities and are conducted by persons who are qualified.
5. The graduates of business colleges in small cities or towns can not secure employment in large cities when thrown in competition with the THOROUGH graduates of high-class schools, as business men have no time to experiment with incompetents. Therefore, be wise. Send for the finest 68-page catalogue ever issued by a commercial school, before deciding to throw away your money for a worthless training at some cheap school.

BRYANT & STRATTON BUSINESS COLLEGE, Louisville, Ky.

Incorporated

Indianapolis, Columbus and Seymour Traction Company.

Through passenger trains leave Columbus for Indianapolis and intermediate points every hour from 5:40 a. m. to 9:40 p. m. The 11:00 p. m. train runs to Greenwood only.

Trains leave Indianapolis for Columbus every hour from 6:10 a. m. until 8:10 p. m.; also at 10:10 p. m. and 11:15 p. m.

The first train arrives at Columbus from Greenwood and way points at 7:10 a. m. and from Indianapolis and way points every hour from 8:10 a. m. to 10:10 p. m.; also at 11:50 p. m. and 12:55 p. m.

May Revive Honduran Army. San Salvador, Republic of San Salvador, March 29.—The Honduran forces have abandoned Tegucigalpa, the capital, and concentrated in the northern and western provinces, which remain faithful to President Bonilla.

No Explanation of Tragedy. Chicago, h. Marc 29.—Policeman John W. Leonard, who has been sick for several months, shot and killed his wife and then committed suicide. Both died before they could give any explanation of the tragedy.

Health in the Canal Zone.

The high wages paid makes it mighty temptation to our young artisans to join the force of skilled workmen needed to construct the Panama Canal. Many are restrained by the fear of fevers and malaria. It is the knowing ones those who have used Electric Bitters who go there without this fear well knowing they are safe from malarious influence with Electric Bitters on hand. Cures blood poison too biliousness, weakness and all stomach liver and kidney troubles. Guaranteed by W. F. Peter's drug store 50c.

Knox County Treasurer Robbed. Vincennes, Ind., March 29.—While all the courthouse officials were at home for their noon-day meal, robbers broke into the county treasurer's office. They opened the safe without forcing the doors, although the combination had been thrown, and secured between \$700 and \$800 in currency. A man dressed as a woman is supposed to have done the work, as a suspicious person was seen leaving the courthouse, who climbed into a buggy and drove hurriedly away.
